

## What Makes Our Products Different?

There are many "Anti-Vandal" products on the market but none come close to matching all of the features of Atlas American's heavy duty restroom fixtures. From Warranty, Design, Material, Mounting, Paper Flexibility and being Made in the USA; feature for feature there is no better product. **"Simple, Rugged and Reliable!"**

### Best Warranty

We are so confident in our products when properly installed and secured, that we offer an industry leading **Ten Year Vandalism Warranty.**

### Anti-Vandal by Design

Security comes by a good design. One feature of Vandal Stop Products is the protected lock design to prevent vandals and thieves from easily compromising the lock and removing your costly paper products.

### Thicker Material

The distinguishing feature of our products is the 12 gauge stainless steel material used. It is 350% thicker than the industry standard and over 200% the thickness of other "vandal-resistant" products on the market. 12 gauge is difficult to manufacture in but it is unmatched in strength.

### American Made

Vandal Stop Products is a small family owned business that includes 3 generations of Military Veterans. Because of our heritage, we are proud that all of our products are Made in the USA.

### Better Mounting

Our products are specified to be mounted with industry leading 3/8" diameter mounting hardware. The difference in strength is apparent from the image below. Once properly mounted into concrete walls or drywall with 3/4" backing, our products will stand up to use, abuse and vandals.

Standard Industry Mounting Hardware: #8 Metal Screws

Vandal Stop Products specified 3/8" Mounting Hardware

### Consumables Flexibility

We believe in offering you the flexibility to choose your consumable products that work for you. Save money month after month by freeing your facilities from locked-in proprietary supplies & expensive supply contracts while also providing the best double deterrent against vandal theft and vandal damage.
